

Funeral and Sympathy Flowers

@floraandbeeflowers

Flora & Bee Flowers offers a personal and sensitive funeral floristry service to help you create a beautiful send off for your loved one.

We are passionate about honouring your loved one with personal, natural, meaningful and environmentally-friendly designs. We believe that funeral & sympathy flowers should be as individual as the person being celebrated.

The price guide gives you costings for each design. However we can have a consultation on each order and work together to find the best colour palette and designs for you.

We have worked with many local Funeral Directors in Crowthorne & the surrounding area and we will work with your local Funeral Director to ensure everything is delivered on time and looks beautifully fresh for the ceremony.

Sustainable funeral design is really important to us and this is why we don't offer floral foam letters. However we are open to finding different ways to make the arrangements personal to you, including wording on funeral flower messages.
